This afternoon Editor J, W. Balley, of the Biblical Recorder, lectured before the Agricultural and Mechanical Summer School, especially the civil government class on Temperance Legislation. He is chairman of the North Carolina Anti-Saloon League. He treated the Watts act especially and the necessity of upholding it. Also the teaching of temperance in the public schools.

Polk Miller, of Richmond, delighted a large audience here to-night with his famous lecture "Way Down South." He appeared under the auspices of the Agricultural and Mechanical Summer School in connection with the lecture and entertainment courses. Nearly a thousand people heard him.

Mr. W. J. Peele, a well-known lawyer here, made a vigorous attack on the United States Supreme Court in a lecture last evening before the civil government class of the Agricultural and Mechanical Summer School. He declared that this

A FINE RECORD.

The Agricultural and Mechanical Summer School has just completed its second week, the record showing that in point of attendance it is the largest ever held in the South, save the school at Knoxville. Over seven hundred teachers from all parts of North Carolina are registered. The school continues to August Sth. A large number of teachers are arriving to take the remaining two weeks course. The North Carolina law requires that overy public school teacher shall attend some summer school for at least two weeks.

THE BREESE TRIAL.

Strong Evidence Against the Accused Brought, Out, state

Cused Brought, Out. (**ARO)

(By Associated Press.) stored the prosecution regards as a piece of strong testimony was brought out to-day in the fourth trial of W. E. Hreese, late president of the First National Bank of Asheville, who is charged with taking \$11,000 of the bank's funds and, with two other officers, wrecking the institution, when it was shown that the defunct bank had collected drafts for other banks to the amount of \$16,000, and that no remittances had been made.

Colonel W. H. S. Burgwyn, the national bank examiner, who took charge of the institution when the doors were closed testined to his state of faces. The drafts were collected between July 15th and July 30th, the day of the failure. The books showed that remittances had been made for the collections, and in the bank were checks which had been drawn for this purpose. However, the First National Bank had overdrawn its accounts

CROP CONDITIONS

Cotton Continues to Make Rapid Growth-The Tobacco Crop.

Growth—The Tobacco Crop.

(By Associated Press.)

WASHINGTON, D. C., July 19.—The Weather Bureau weekly crop report says: Cotton has continued to make rapid growth throughout the cotton belt, with the exception of Texas, where, though well cultivated and fruiting nicely, its advancement has been checked by dry weathers. From portions of the Carolinas, Florida, Alabama, Mississippi and Louisiana complaints of grassy fields are received, and in some sections of these States too rapid growth of stalk is reported. In Georgia the grop is in very promising condition, little complaint of damage from any source being received from that State. Dry weather and abundant sunshine have checked the ravages of the holl weevil in Texas.

As a whole, the tobacco grop continues in promising condition, although backward in North Carolina and Virginia, Some "Frenching" is reported from Kentucky.

Crimson Clover

Sown at the last working of the Corn or Cotton Crop, of the Corn or Cotton Crop, can be plowed under the following April or May in time to plant corn or other crops the same season. Crimson Clover prevents winter leaching of the soil, is equal in fertilizing value to a good application of stable manure and will wonderfully increase the yield and quality of corn or other crops which follow it. It also makes splendid winter and spring grazing, fine early green feed, or a good hay crop. Even if the crop is cut off, the action of the roots and stuble improve the land to a marked degree.
